

Far East Service Update

Please see the latest update from our Chinese offices:

“Considering the current Covid19 situation and the fact we are still seeing slow reopening of Chinese factories after almost 2 months of disruption. We anticipate a significant backlog on cargo and impact on air freight demand and capacity with the likelihood of increased costs.”

Carry Cargo International Ltd would like to remind all our customers we are able to offer some alternative solutions please see below a brief overview.

1. Sea/Air solution:

Competitive cost and timing using our consolidation services from China main ports to Vancouver and then from Vancouver to Europe by Air. Our local offices in Canada are handling all operations from vessel to aircraft.

Other airports of arrivals can be serviced, please contact us for information.

For transit times and further general information, please contact us.

2.LCL Railway

We offer 3 departures a week from Zhengzhou to Hamburg by LCL. Further service options are available with competitive pricing and easy booking process.

FCL services are also available to other European destinations on top of Hamburg,

We hope these solutions will be of assistance to you and please contact your local account manager for further details and prices.
